Subject: SFIREG Issue Papers & Responses

Hi Quinn,

As promised, I've attached the last three SFIREG issue paper responses and the corresponding issue papers for reference. I've also attached the response to the draft mosquito mist blower issue paper that PRD was asked for feedback on before SFIREG finalized. That response was just sent this month. You'll notice some go point-by point and some are more generally laid out, so there isn't an exact format.

Without committing to a timeline, I will let SFIREG leadership this afternoon know that the team is evaluating the issues raised in their issue paper and to expect a response to focus on areas not addressed by the petition response. Thanks for taking the lead on this response, let me know if there's anything else I can assist with.

Issue Paper	Response
Pesticide Impurities in EPA Registered Pesticides (Nov 2017)	EPA Response to 10/16/2018 SFIREG Issue Paper - Pesticide Impurities in EPA Registered Products (signed Oct 2020)
Cover Crop Issues and Plant-Back Restrictions (July 2019)	RE: SFIREG Issue Paper – Cover Crop Issues and Plant-Back Restrictions (signed Nov 2021)
SFIREG Pollinator Issue Paper (Aug 2021)	RE: EPA Response to 08/04/2021 – SFIREG Pollinator Issue Paper (signed Oct 2022)
Draft Mosquito Mist Blower Issue Paper (April 2022)	Mosquito Mist Blower Issue Paper OPP Response (Oct 2022)

Thanks,

Kaitlin
